

# TESTIMONIAL

The Marriage Course has been **tremendously helpful** for us and we really appreciate the church offering this opportunity. Thanks so much!

TMC **opened-up conversation** between myself and my partner. I found it to be a worthwhile sharing experience.

We found it to **increase our communication**. This really helped us focus on conversations that added real value.

Perfect format for having **private couple conversations**. The **videos are excellent** and complemented by the workbook.

TMC was wonderful it helped to **unpack unspoken thoughts**, reminded us of fun times, encouraged laughter and strengthened our marriage and commitment to each other

**Study Journal** was a great help with thought provoking questions and challenges! The program wouldn't work well without it!

Thank you for all the info and for such a great course for us. We've really **enjoyed** the time we've had together working on the sessions.
